

Combiflex

Meneo for better orientation

Combiflex Meneo - flexible sign

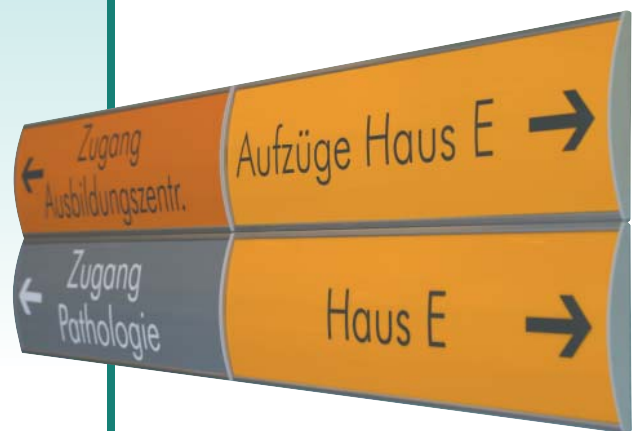

Welcome to Combiflex Meneo, the flexible sign system created by Forster. Meneo stands for multiple design and labelling options. Straightforward handling and timeless design combine to make Meneo especially attractive. Meneo provides clarity of guidance. Whether directional sign, door sign, wall sign, ceiling sign or flag sign: Meneo ensures maximum flexibility for all your directional requirements.

Meneo key benefits

- full-scale harmonised system of guidance and information signs - from door signs to signposts
- customised colour schemes
- suitable for in- and outdoor use
- best readability through its cambered shape
- simple installation
- label-it-yourself option
- quick and simple exchange of door labels
- prompt delivery
- DIN standard formats

New inserts: quick - easy - flexi

Meneo door signs

Paper inserts, colour foils or foil lettering make it easy to implement colour guidance schemes. Signs even allow for labelling on both faces.

Label change:

With its quick and easy label change, the system is particularly suited to multiple applications.

Simply twist the protective foil and paper to extract them from the support frame.

Simply replace the label by a new one.

Meneo directional signs

Flag-type sign with horizontal or vertical camber

Double-faced suspended sign with vertical camber

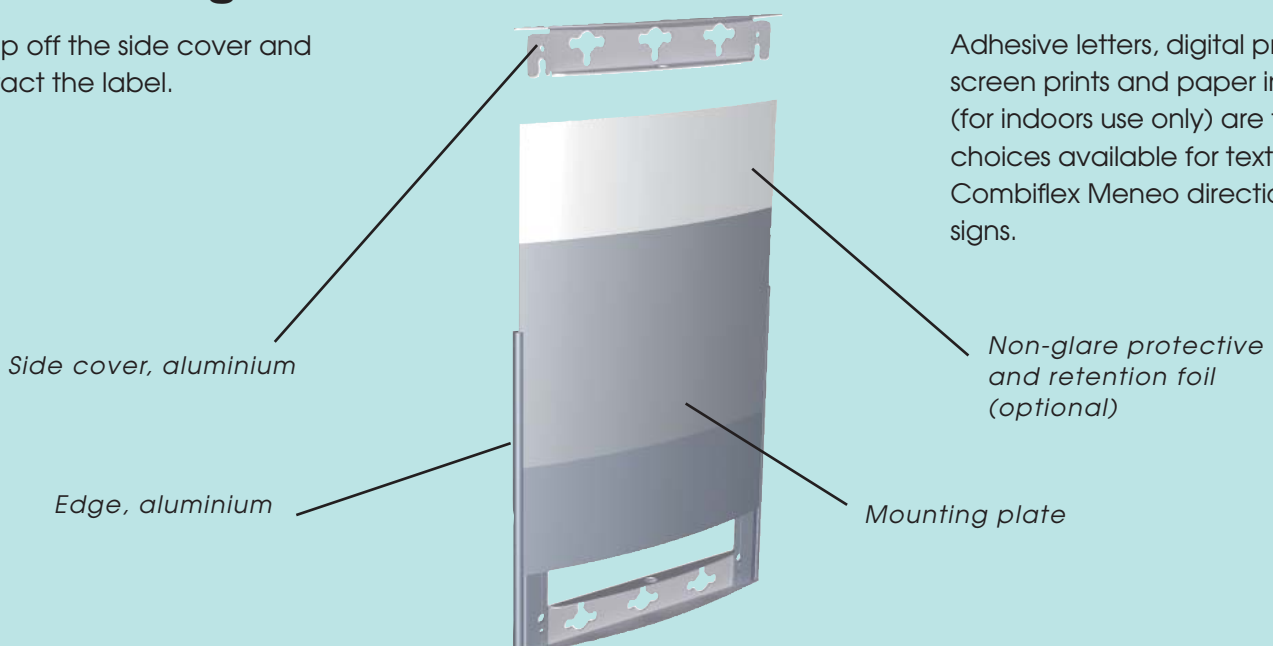

Four-faced suspended sign with vertical camber

Supplements

Monument signs for outdoor use

The system is designed around two basic types (central core column or two side uprights) in nine dimensional formats. The modular arrangement of just a few components offers an enormous variety of combinations to achieve signs tailored exactly to your requirements. The high structural quality of the signs ensures a long service life.
