Combiflex Mero – a system designed for endurance

Combiflex Mero excels through the unobtrusive slimness of its signs. Delicate sections made of anodised aluminium and a non-glare acrylic glass cover provide the modern and elegant touch of the Mero design. From door signs to small signposts – Combiflex Mero ensures continuity in room signage.

The benefits of Mero

- Elegant and delicate structure, clear lines
- Very narrow frame all around, made of silver-anodised aluminium
- Non-glare acrylic cover
- Simple to replace signage
- Flexibility by do-it-yourself signage
- Available in DIN formats up to A3
- Simple wall mounting
- Retention guard (optional)
- Various sizes can be combined

Use – flexible for indoor areas

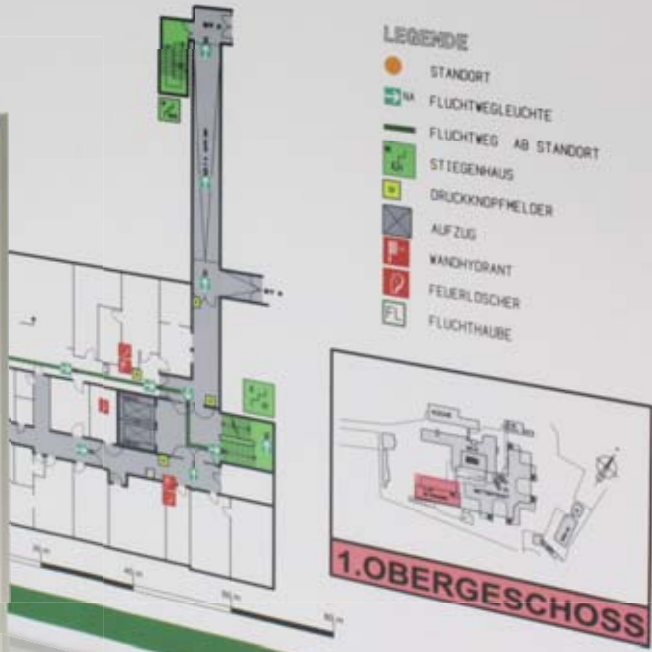

Customised signage by way of paper inserts and a large range of sizes make Combiflex Mero suitable for many applications. The system makes for quick and easy production of door signs, sign posts and escape route panels.

Flexibility by do-it-yourself signage

With Combiflex Mero changing the sign content is a matter of seconds. Simply pull up the top section and acrylic glass, put in the new insert and fit them back on.

Retention guard (optional)

Long slot holes in the back facilitate mounting.

Sizes – for door signs and small signposts
